

Murisan Anti-Moffa Solution

DESCRIPTION:	Ready for use solution for killing moulds, algae and other organic growths in humid and damp areas. Do not thin, effective use will enable the decoration of treated surfaces to be carried out with minimal risk of re-infection from the old surface.
SCOPE:	For use on areas infected by bacteria such as black / brownish spots, fungus / mould growth as a primary coat.
COMPOSITION:	Water Based, Lead Free
FINISH:	Clear colourless coating
COLOUR:	Light Blue colour liquid
DRYING TIME:	Allow 24 hours before over-coating.
SPECIFIC GRAVITY:	1.00 ± 0.01 Kgs/L
% VOLUME SOLIDS:	N/A
SPREADING RATE:	N/A
THINNER / CLEAN UP:	Water. After use clean the equipment immediately with water.
FLASH POINT:	Non – flammable.
PACK SIZE:	750 ml
APPLICATION:	Spray
SURFACE PREPARATION:	Treat infected surfaces and adjacent areas before any work to avoid spreading of infection. Scraped down the mould, lichens, and algae with scraper. Smoothen the surface either with sand paper or wire brush and then spray Anti-Moffa Solution liberally on affected areas and close surroundings. Allow it to dry for 24 hours before proceeding for further work. Two coats are recommended, however a single coat treatment with Anti-Moffa Solution is normally sufficient where the degree of infection is slight and appears as a stain rather than a surface growth.

STORAGE: Store in cool, dry condition away from direct sunlight.

DISPOSAL: Dispose as normal paint. In case of doubt, consult local authority.
Do not empty into drains, sewers or other watercourses.

SHELF LIFE: 5 Years, when stored in original conditions.

- SAFETY PRECAUTIONS:**
- Ensure adequate ventilation in confined area where the product is being used.
 - Wear suitable protective clothing like overalls and rubber / PVC gloves, eye protective goggles.
 - Remove or cover all foodstuffs and water tanks before application.
 - Heavily contaminated clothing should be taken out immediately. Launder overalls regularly.
 - Wash splashes from skin or eyes immediately with copious amount of water.
 - While using do not eat, drink or smoke.
 - Wash hands and exposed skin before meals and after work.
 - Keep away from food, drink and animal feeding foods.
 - Do not apply to surfaces on which food is stored, prepared or eaten.
 - Unprotected persons and animals should be kept away from treated areas for 24 hours or until walls are painted and dry.
 - Dangerous to fish. Do not contaminate ponds, waterways or ditches with chemical or used container.
 - Avoid contact with leaves or growing plants.
 - Prevent any surface run-off from entering storm drains.
 - Keep in original container tightly closed in a safe place away from the reach of children.
 - This material and container must be disposed of in a safe way.
-

FIRST AID:	EYES	In the event of accidental splashes, flush eyes with warm water immediately and obtain medical advice.
	SKIN	Wash skin thoroughly with soap and water or approved industrial cleaner. DO NOT USE solvent or thinners.
	INGESTION	In case of accidental ingestion, DO NOT INDUCE VOMITING. Obtain immediate medical attention.
